# INSPECTIONS

**An onsite vet will perform an inspection of all bulls entered in the 2021 Show and Sale. Inspections will be carried out at the Dubbo Showground from 9:00am to 2:00pm on Monday 7th June 2021.**

**NOTE:** An on property vet inspection is no longer required, however, all bulls are still required to pass a crush-side semen evaluation of semen density, wave motion and motility to be carried out by a qualified veterinarian or technician employed by a licensed A.I. centre. The test is to be carried out **no more than 70 days prior to the sale. Vendors are to make their own arrangements for the test.**

Committee Inspectors will examine all entries for correct tattoos at the time of inspections. The Exhibitor acknowledges and expressly agrees that the Committee Inspectors and Vet may, in their absolute discretion and at any time, accept or reject any exhibit submitted by the Exhibitor for exhibition and sale. The decisions of the Vet and the Committee will be final and no appeal will be considered.

The Chairman of the Committee will be advised of rejections and he in turn will advise the vendor.

Any entry rejected must be removed from the exhibition area prior to the show to an area as designated by the committee.

All entries must be inspected on Monday 7th June 2021 by 2:00pm.

Unless a genuine problem with transport arises, bulls not presented during the above times will be ineligible to be shown or sold.

If you experience any unexpected problems getting to the ground before 12:00pm on Monday 7th June 2021, please phone the Show & Sale Chairman, Andrew Rayner 0429 820 223.
