2026 DNA TESTING PRICE CHANGE

The service agreement between Herefords Australia (HAL) and Neogen Australasia has been renewed, following a comprehensive review to ensure the best possible services and prices for our members. This agreement outlines the services, terms and conditions, and fees agreed upon between Neogen and HAL.

The following changes are effective **1 May 2026:**

1. Our bundles have changed. Please refer below for a description of the new bundles, their inclusions, indicative uses and cost noting bundle names are only indicative of intended use and may be suitable for other animals.

HEREFORDS Australia	Commercial Bundle* $51.50	Replacement Heifer Bundle $67	Sale Bull Bundle $87.50	Show and Sale Bundle* $154.50
Indicative use				
Commercial Animals	✓			
ET Donor Dams	✓	✓	✓	
Cows	✓	✓		
Replacement heifers	✓	✓		
Weaner	✓	✓		
Stud Sires		✓	✓	✓
Includes:				
Parent verification	✓	✓	✓	✓
Horn/Poll gene test		✓	✓	✓
Genetic Conditions			✓	✓
Pesti Virus test				✓
Genotype included in the BREEDPLAN analysis	✓	✓	✓	✓
Tests included	Genomic profiling (ULD30K) parentage verification	Genomic profiling (GGP100K) parentage verification, horn/poll	Genomic profiling (GGP100K) parentage verification, horn/poll, HY, DL, IE, MSUD	Genomic profiling (GGP100K) parentage verification, horn/poll, HY, DL, IE, MSUD, MD, DB, Pesti

*TSU samples only

Members now have the option to select multiple tests they wish to do without selecting one of the Bundles. Refer to the 'Base genotype and Add Ons' on the Schedule of Fees.

2. Other individual tests and DNA testing equipment have had a modest CPI-based price increase. Refer to Schedule of Fees for current prices.

3. Neogen have also advised that confirmatory Pesti (BVDV) tests will no longer be free of charge. Retests to confirm an animals Pesti status will be charged at the same rate as the original Pesti test. Neogen have also advised that they can no longer complete Pesti tests from Hair samples - a TSU sample must be provided.

Neogen and HAL are committed to providing members with accurate, timely, and professional services and these changes will help us to ensure this continues.

For help in determining which test is best for your animals, please contact Herefords Australia on 02 6772 1399 or registrar@herefordsaustralia.com.au. Alternatively, contact your nearest Neogen specialist:
